

Argos Risk Announces Partnership with MeridianLink

Argos Risk and MeridianLink join forces to offer financial industry partners access to due diligence tools for credit risk management

MINNEAPOLIS, MN – September 4, 2018 — Argos Risk®, an industry leader of Third-Party Risk Intelligence (TPRI) solutions announced today their partnership with MeridianLink®. MeridianLink is a developer of the financial industry’s first multi-channel loan and new account origination platform and has been a pioneer in providing innovative software solutions to financial institutions (FIs) for more than 20 years. The partnership takes the guesswork out of credit and overall performance risk, offering key business insights to MeridianLink partners.

“MeridianLink LoansPQ users using Argos Risk’s AR Surveillance™ will benefit from the ability to assess and monitor commercial customers, loan originators, indirect dealers and third-party vendors,” said Doug Glagola, VP of Enterprise Solutions for MeridianLink. He added, “Our solutions are aligned in promoting compliance and risk management through clear and actionable business intelligence.”

Argos Risk provides an affordable web-based subscription service that helps companies proactively manage third-party risk intelligence and business viability risks associated with their third-party relationships; including vendors, ACH/RDC originators, and direct and indirect lending clients. Whereas MeridianLink’s cutting-edge software is the most mature and time-tested loan origination platform available. Together, this partnership will greatly enhance each other’s continued success.

“We are excited to be part of MeridianLink’s next phase of business transformation. With the recently announced merger of MeridianLink and CRIF Lending Solutions, MeridianLink is rapidly scaling to provide a smooth and efficient lending process. They have a strong client list, direction, and an ambitious plan to become the leading financial services software platform in the credit and lending industry,” said Lori Frank, President and CEO, Argos Risk.

About Argos Risk

Argos Risk's AR Surveillance enables companies to proactively manage and assess the business viability and credit risk associated with key third-party relationships. Powered by proprietary technology and algorithms - known as Argonomics™, easy-to-understand actionable insights are delivered for businesses of all sizes via a secure access real-time dashboard. Automated, daily email alerts include key executive changes, lawsuits, liens, mergers, and acquisitions thereby reducing manual processes typically required for proper vendor due diligence while fulfilling a need for timely and comprehensive risk mitigation knowledge.
